November 12, 2020

Greetings, Area 31 Families:

Area 31 Career Center has been granted permission to continue operating all 2-3 hour programs under a hybrid structure, for the foreseeable future. With the exception of Speedway Public Schools, all participating school districts will make arrangements to support the transportation needs of their respective students. Safety precautions will remain in place across our campus, so we expect no interruptions in programming as we move through the remainder of the fall 2020 semester. Students should continue to attend in-person and virtual meetings as scheduled and to look for program-related communications from Area 31 instructors. For your reference, the Area 31 Career Center hybrid schedule is highlighted below:

A Block				
Avon, Avon-Harris, Ben Davis (Alpha A-K), Decatur, Homeschool, Mooresville, Out-of-District, Tri-West
